The society is a non-political body.  
Our aims are to help conserve, defend and, where necessary, urge the improvement of all the area within the Park boundary and the adjoining Primrose Hill.

Chairman Malcolm Kafetz  
Hon Secretary Caroline Château  
Treasurer Richard E Portnoy

## Do you care about the future of Regent's Park & Primrose Hill

### If so, please join

**In 1819** Regent's Park was created

‘This enclosure... will give a sort of glory to the Regent's government, which will be more felt by remote posterity than the victories of Trafalgar and Waterloo, glorious as these are.’

Henry Robinson

Ever since, Regent's Park & Primrose Hill has been a good friend and a source of delight for Londoners and visitors.

## and now...

The Friends were founded in 1991 to help keep Regent's Park unspoiled for present and future generations. The competing pressures on this wonderful asset are multiplying and increasingly difficult to reconcile.

Developers and traffic are continually threatening parts of the Park which, if lost, are gone for ever.

If you want to help defend the beauty and tranquillity of our green spaces against threats and depredations, you can have more effect if you join The Friends of Regent's Park & Primrose Hill.

## Tell us your views

The Friends can present to the relevant authorities your views on:

Flowers, trees, shrubs, landscape, policing, noise, litter, traffic, wild life, cycling, sports, buildings, dogs, safety in the park, catering and any other matter you feel strongly about.

You will receive newsletters keeping you informed of important items of news affecting the Park and also about social events, meetings, talks and guided walks. You will receive a discount on purchases at the Park cafés.
